

INSTRUCTIONS: Baby Caps

by Claudia Sieb

Free Patterns— Infant Caps

Oh Baby!

Let's keep that precious noggin warm with these cuddly caps. Even the most novice seamstress can sew these caps in a jiffy.

Baby Caps

Cut the pattern pieces from “minky” fabric. We found new fabric “scraps” at SAS that we purchased by the pound! You will use a zigzag or overlock stitch throughout.

FOR BASIC CAP:

Sew cap front to back. For lining, sew another front to back. With right sides together, sew outer cap to lining, leaving a 2-inch opening for turning. Turn and finger press. Fold under raw edges and slip stitch closed.

FOR CAP WITH EARS:

Cut four ear pieces. You might select contrasting fabric for the ear fronts. Sew darts in each ear piece. Sew ear front to ear back, right sides together, leaving bottom edges open to turn. Turn ears and finger press open. Pin ears to cap front, raw edges to raw edges, and stitch in place. With right sides together, pin cap front to back and stitch. Finger press open. For lining, sew another front to back (no ears for the lining!). With right sides together, sew outer cap to lining, leaving a 2-inch opening for turning. Turn and finger press. Fold under raw edges and slip stitch closed.

FOR HALF AND HALF CAP:

Cut contrasting fabrics. You need two pieces for the front, two for back, two for lining front and two for lining back. Mix and match the pieces. Sew center seams so you have a complete front, back, lining front, lining back. Sew completed cap front to back. For lining, sew another front to back. With right sides together, sew outer cap to lining, leaving a 2-inch opening for turning. Turn and finger press. Fold under raw edges and slip stitch closed.

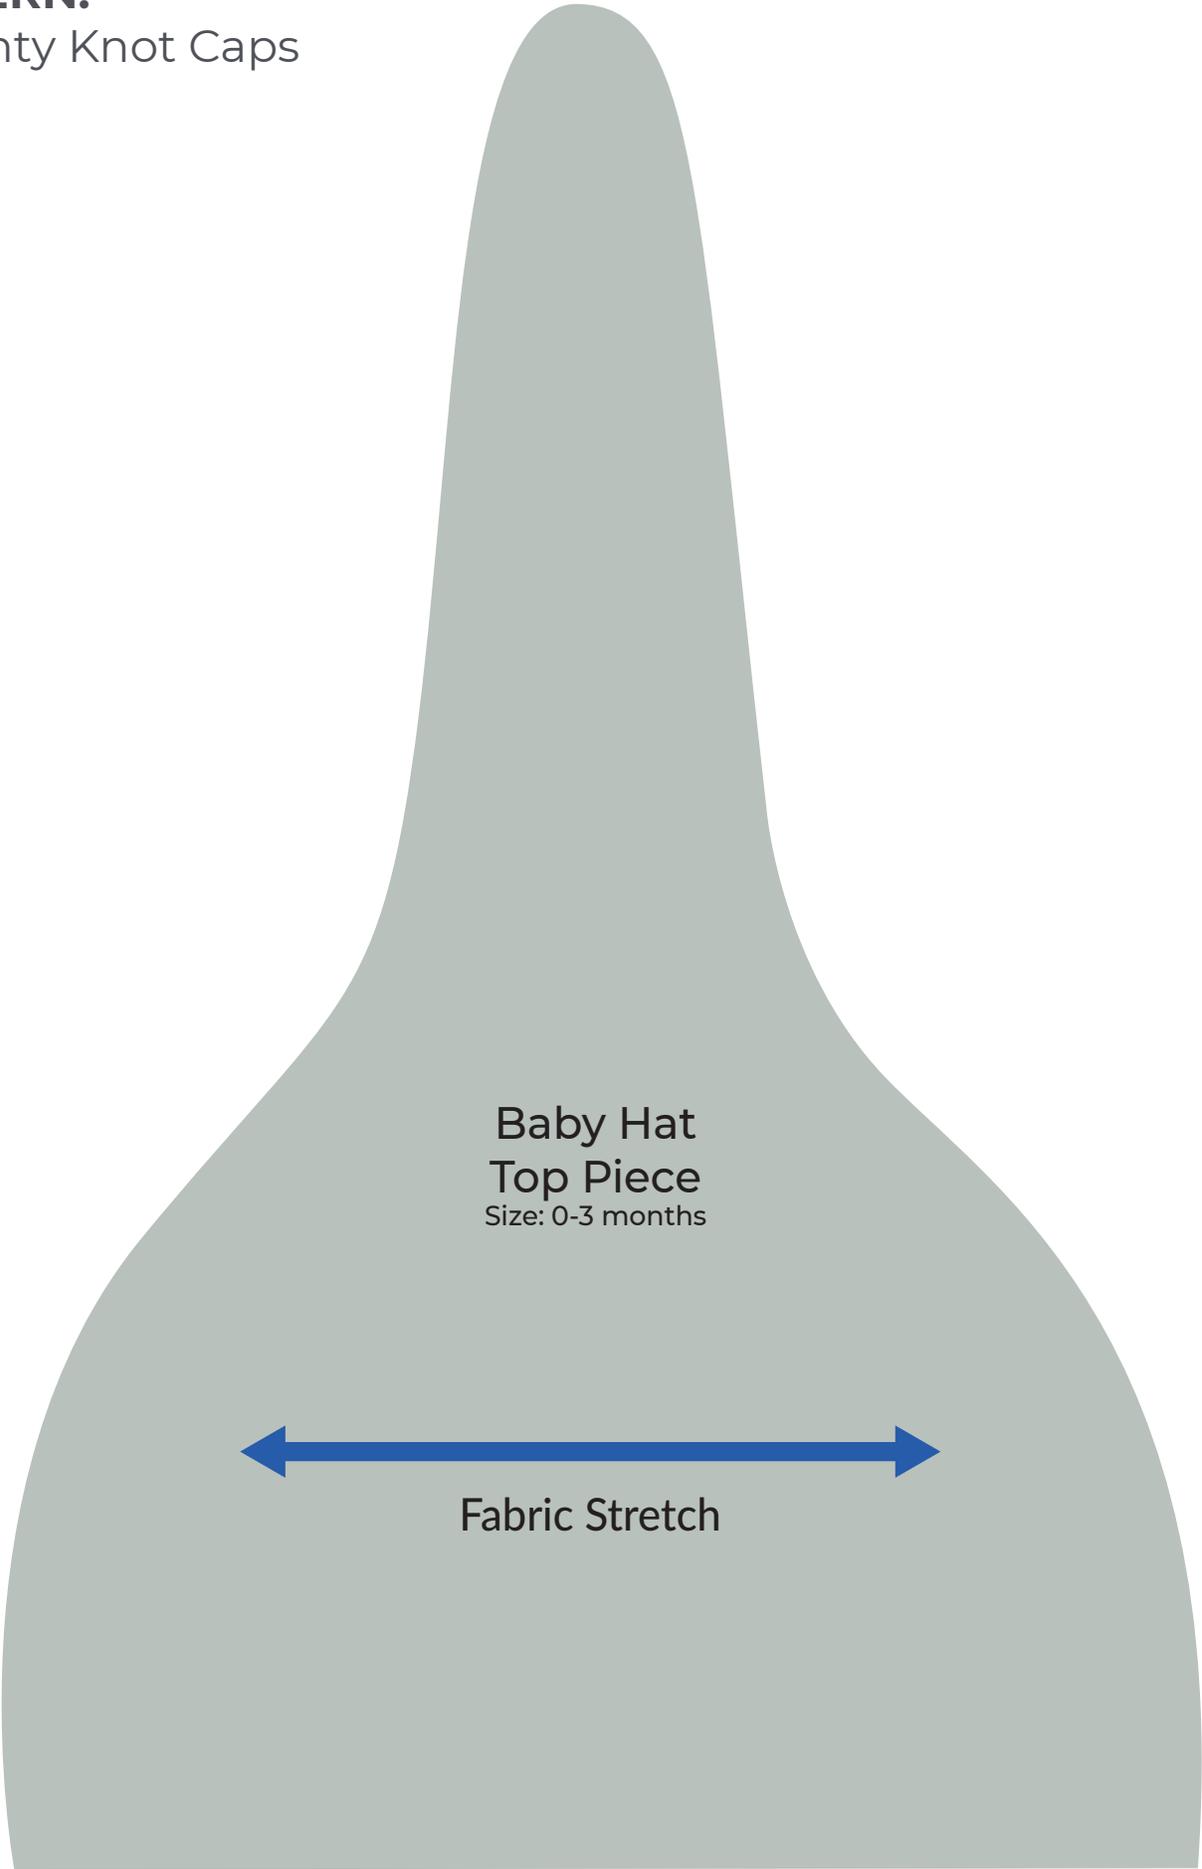

NAUGHTY KNOT CAP

Following pattern, sew Cap edge to Cap front. Repeat for back. Place front to back, right sides together and stitch, leaving open at bottom raw edges. Turn right side out. Fold up bottom edge in half, and folding under the raw edge, slip stitch all around by hand. Tie a knot in the top.
