Stack up to 8 pieces of tissue paper on top of each other and line up their edges. Fold the tissue in half, then fold that in half again.

STEP 3

Align the top and right edges of your template with the two folded sides of your tissue paper and secure your template to the tissue by placing tape on the left and bottom edges (reference image below).

STEP 4

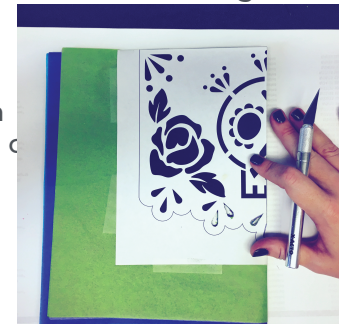

Use the x-acto knife to cut through the stencil and tissue, removing all of the black areas of the stencil.

STEP 5

Cut along the outer edge.

STEP 6

Unfold and separate the tissues. Fold each papel picado over a string to hang this festive banner.

You can find a simpler version using only scissors at cadenceaz.com/blog.
